DREYFUS IS AROUSED

At Testimony of Captain Lebrun-Renault of the Guard.

DESTROYED HIS NOTEBOOK.

M. Labori, Counsel For Defense, Shows Inopportune Time For Disposing of the Memoranda With the Confession.

Rennes, Aug. 31.—The fourth session of the fourth week of the second trial by courtmartial of Captain Alfred Dreyfus, of the artillery, charged with treason, opened behind closed doors in the Lycee so continuing until 9:15 a. m. Majors Hartmann and Ducros and General Deloye, all of the artillery, were present. The court discussed the secret documents relating to the artillery subjects of the bordereau.

In addition to the usual cordon of troops in the streets leading to the Lycee an extra guard was posted so as to completely isolate the hall in which the judges met in secret session.

The public was admitted to the court at 9:30 a. m. The first witness called after the public session began was Captain Lebrun-Renault of the Republican guard, who reiterated his testimony given before the court of cassation, repeating the terms of the alleged confession of Dreyfus: "I am innocent. In three years they will recognize my innocence. The minister knows it. If I delivered documents to Germany it was to have more important ones in return."

The witness' explanation that he did not refer to the confession of Dreyfus during his interview with President Casimir-Perier because he overheard a conversation during the course of which he was called "traitor," "canaille," and "cur." It came as a surprise, for he did not mention this in his evidence before the court of cassation, as M. Labori, leading counsel for the defense, pointed out.

M. Labori also laid stress on the fact that Captain Lebrun-Renault should have kept his notebook in which he asserts he made a note of his conversation with Dreyfus for four years and have destroyed it on the very morning the matter was brought up in debate in the chamber of deputies. The captain's reply that he looked upon the copy made by M. Cavaignac, then minister of war, as being sufficient was considered rather lame.

Dreyfus, replying to the witness, began by calmly declaring Lebrun-Renault's statement that a certain Captain Dattel was present during his conversation with Captain Lebrun-Renault was inaccurate.

The witness, however, maintained that Captain Dattel was present, whereupon Dreyfus said that if he was present he, the prisoner, did not speak to him.

Dreyfus then raised his voice excitedly and accompanying his words with short, emphatic gestures, and quivering with emotion, protested that Captain Renault should have repeated to his chiefs his utterance which began with a protestation of innocence without asking him to explain his words.

Dreyfus Indignant.

"Those are manoeuvres," cried the prisoner, "which must fill all honest men with indignation." Dreyfus spoke the last words through his teeth and was evidently laboring under greatest excitement and indignation. The audience broke into "bravos" which the gendarmes immediately suppressed.

Captain Antoine followed and repeated what Captain Dattel had said, confirming the confession. Dreyfus replied that he had not spoken to Captain Dattel. On being recalled, Captain Lebrun-Renault said this was true, but he added that Captain Dattel was present and could have overheard the conversation.

M. Labori here pointed out that Captain Dattel had not spoken to his chiefs on this subject and General Mercier, who like all the military witnesses, followed the proceedings with the keenest attention, arose and admitted that this was correct.

Colonel Jouaust told Dreyfus that he had not explained why he mentioned the term of three years, to which Dreyfus replied: "I did not give three years as the term. I only said that I hoped that in the course of three or four years my innocence would be recognized and I wish to state, my colonel, that, as my letters to General Gonse show, my words did not have the sense evil minds have sought to give them."

M. Labori then had General Gonse called to the bar and asked him if he had not used the alleged confession of Dreyfus in opposing Colonel Picquart's arguments in favor of a revision. General Gonse replied that he had not whereupon M. Labori asked that the letters exchanged between General Gonse and Colonel Picquart should be

read. The clerk of the court began reading a letter beginning "My Dear Picquart" when General Gonse interrupted him and asked that Colonel Picquart's previous letter be read first, but as the latter was not available for the moment, the reading of all the letters was postponed.

AN ENGLISH PAPER

Comments on the Platform of the Ohio Democracy.

London, Aug. 31.—Commenting on the paragraph in the platform adopted at the Ohio State Democratic convention at Zanesville denouncing "the secret and vicious alliance now in evidence between England and the Republican administration," the Globe says that no such alliance is ever likely to come to pass. The paper belittles the effect of such an utterance upon the Americans and says: "The more cordial friendship which has latterly grown up between the great English speaking nations has struck too deep roots on both sides of the Atlantic to be blown away by a puff of electioneering wind."

The Full Ticket.

Zanesville, O., Aug. 31.—The Democratic state convention adjourned at 9:20 p. m., after completing the ticket and selecting the roster as a party emblem. The full ticket is: Governor, John R. McLean of Hamilton; lieutenant governor, A. W. Patrick of Tuscarawas; supreme judge, Dewitt C. Badger of Madison; attorney general, W. H. Dore of Seneca; auditor of state, George W. Sigafos of Darke; treasurer of state, James I. Gorman of Lawrence; member board of public works, Flecher D. Malin of Lake.

McLean Will Command.

Columbus, O., Aug. 31.—It is said John R. McLean himself will remain in Columbus after Friday, Sept. 8, and command in person the Democratic armies of Ohio.

Visited Their Dead.

Canton, O., Aug. 31.—The president with Mrs. McKinley, her sister and niece, drove to Westlawn cemetery, where he visited the graves of his family, freshening them with their flowers. Many letters and telegrams awaited him here, congratulating him on his Pittsburg address.

New Incorporations.

Columbus, O., Aug. 31.—The Epping Forest Mutual Aid, Cincinnati; the Delta Home Telephone company, Delta, Fulton county, capital stock \$10,000; the Erie County Investment company, Sandusky, capital stock \$65,000.

Military Rule Unsatisfactory.

Ponce, Puerto Rico, Aug. 31.—The present military form of government is unsatisfactory to every one—military authorities and civilians alike. Everything is in a more or less chaotic condition and there are two or three "bosses" for every job. This is caused chiefly by retaining the native courts, police and municipal governments and at the same time making them subservient to the military authorities.

To Test Explosives.

Washington, Aug. 31.—Secretary Root and General Miles left Washington for New York to witness several important tests of high explosives, projectiles and other munitions of war at the Sandy Hook proving grounds. The tests will be made under the direction of the board of ordnance and fortifications, of which General Miles is the ex-officio president. All the members of the board will be present.

West Point Cadets.

West Point, N. Y., Aug. 31.—The following Ohio candidates were admitted as cadets to the military academy, having successfully passed their entrance examination. Twenty-eight of the sixty who reported failed to qualify: Charles F. Cooney and Louis R. Dice.

The ministers will continue at the head of their various departments until a provisional government has been formed after which the elections for president and vice president will take place. The city is quiet, but business is at a standstill.

News of Resignation Confirmed.

Washington, Aug. 31.—The navy department has received official confirmation of the resignation of President Figueroa, of Santo Domingo, in the following cablegram from Captain Longnecker of the New Orleans: "President Figueroa resigned Wednesday."

Arrival of Jiminez.

San Domingo, Aug. 31.—Juan Isidro Jiminez has arrived at Sanchez on board the French steamer Georgos Crose. Santiago, Moca, Lavpaga, Porto Plata, San Francisco de Macoris and Bani have declared in favor of the revolution. Santiago was taken after a strong fight. It is expected that all the other places will submit to the revolution without any more fighting and Jiminez will become the president.

Report Denied.

Santo Domingo, Aug. 31.—The news of the landing of Jiminez is contradicted. General Figueroa leaves for Azua. The political prisoners have all been released.

A Thrilling Fight.

Coleman, Mich., Aug. 31.—John Melcher and William Graves fought over the action of Melcher in closing up a piece of road which had been used as a highway. Melcher drew a revolver and fired at Graves, but only wounded him in the knee. Graves' wife started to her husband's rescue, carrying a rifle, when two men, said to be relatives of Melcher, attempted to take the gun from her. Graves seized the gun and shot and killed one of the unknown men and mortally wounded Melcher. Graves is in custody.

Insurgents Driven Back.

Manilla, Aug. 31.—Dispatches from Cebu announce that the American troops under Colonel Bayless, with two field pieces, sallied on Monday into the hills against a band of natives who recently ambushed four of our soldiers and who have been generally troublesome. The American force found the natives entrenched and drove them from their trenches, further into the hills. There were no casualties on the American side, though there were some heat prostrations. The natives' loss is not known.

Wanted at Havana.

Washington, Aug. 31.—Acting Attorney General Boyd received, through the secretary of war, General Brooke's papers demanding the return to Havana for trial of W. A. Cox, who is now in custody at New Orleans, charged with embezzlement committed in Havana. The papers were forwarded by mail to United States Attorney Guerley to New Orleans for use in the hearing of Cox's case there.

Danville, Ills., Aug. 31.—A south-bound freight on the C., E. & I. road struck some box cars standing on the main track at Rossville and wrecked the engine and a number of cars. Engineer Titon, Fireman Hollis and Car Inspector Kellogg, who was on the engine, were crushed beyond recognition. The three men resided in this city.

Big Run of Salmon.

San Francisco, Aug. 31.—The barkentine Gardner City has arrived from Bristol bay, Bering, with 5,025 barrels of salmon. She and the barkentine Willie R. Hume, which arrived on Tuesday, report that the run of fish at Bristol bay this season has never been exceeded.

Hinges on Shamrock.

London, Aug. 31.—The Yachting World says: "If the Shamrock is successful the building of three or four English defenders is already assured. If the Shamrock is beaten it is not likely there will be much big boat racing on this side next year."

No Assets.

Chicago, Aug. 31.—August Jernberg, a local real estate dealer, confessed bankruptcy, placing his liabilities at \$1,433.137 without assets.

REPORT ON PENSIONS.

Many Claims For an Increase Rejected by the Department.

Washington, Aug. 31.—The annual report of Hon. H. Clay Evans, commissioner of pensions, shows that during the year there were added to the pension roll 40,229 names and 43,186 were dropped, 34,345 of these by reason of death. There was expended for pensions \$138,355,082.

The annual value of the pension roll amounts to \$161,617,961, being \$649,496 more than it ever was, due to the higher average annual value of pensions. The roll is made up of 756,451 surviving soldiers, 237,415 widows and dependent relatives and 653 nurses. The total number of applications filed during the year including those on account of war with Spain was 48,765.

The number of original claims allowed was 37,077. During the year 107,919 claims of all classes were rejected, a large percentage of these being claimed for increase.

The report will state that the delay in the adjudication of claims is in nearly every case the fault of the claimants or their attorneys.

In order that the recent complex system of pensioning may be simplified and to secure a more uniform practice in the future, the appointment of a commission on the revision of the laws, rules and regulations is recommended.

Proposed Trading Company.

San Francisco, Aug. 31.—The project of certain monied men to organize a United States and China trading company to control the trade of China has excited much comment among the commercial people of this city some of whom give the scheme, formulated by Ho Oyow, the Chinese consul general, their unqualified approval. A move has been made to organize the company which, it is understood, is liberally bestowed by the Chinese government. In brief the position is that if the company is formed here with \$5,000,000 capital it can secure from the Chinese government about every trading contract and commercial concession that it sees fit to ask for.

Plans of Robbers.

Vancouver, B. C., Aug. 31.—Mail advices by the steamer says robbers in the Sachic mountains have become more formidable and their numbers have greatly increased. It is reported that at every meal there are over 300 tables, each accommodating 10 robbers. One hundred cooks are employed. They go to different markets to buy food which is reasonably paid for. They are not to commit robberies on ordinary people, but to blackmail shops, junks and well-to-do families. Some shops, being unable to pay the heavy blackmail, have been closed and many junks conveying native products from different places to Canton for sale have also been forced to discontinue traffic.

Transports Returning.

Washington, Aug. 31.—General Otis informed the war department of the departure from Manilla of the transport Para in the following dispatch: "Para sailed, 14 officers, 41 enlisted and 925 discharged men. Six civilians." Another dispatch from General Otis gives the dates of sailing of the transports now at Manilla and which will bring all the state volunteers in the Philippines to this country. The cable says: "Tartar sails September 3; Pennsylvania, September 5; Newport and Ohio, September 7."

Not Suspended.

Chicago, Aug. 31.—Too ill to continue his journey without a day's rest, Dr. Edward Bedloe, United States consul at Canton, China, halted in Chicago, and while here took occasion to deny the report that he is under suspension and to discuss the charges that have been filed against him by the state department. "I am not under suspension," said Consul Bedloe, in speaking of these charges, "I am away from my post on 60 days' leave of absence."

The Glass Makers.

Pittsburg, Aug. 31.—A meeting of window glass manufacturers of the country is in session here for the purpose of discussing the wage question and the general situation. All the factories in the American Glass company and a majority of the independent factories are represented. A strong effort is being made to prevent an early resumption of operations as it is claimed that overproduction would demoralize the market.

To Avoid War.

London, Aug. 31.—A petition from the Netherlands Women's Disarmament league has been presented to the queen, praying her in the name of womanhood and motherhood to avoid war with the Boers and saying it would "cast a frightful blot upon your majesty's most glorious reign."

Manilla, Aug. 31.—The Fourth infantry having prepared to give the insurgents a warm reception, the latter have ceased their preparations for an attack on Imus.

SCHEME IS APPROVED

For Formation of a Court of International Arbitration.

REPORT TO LAW CONFERENCE

Deep Gratification of the Action of the Hague Convention For Maintaining Peace Is Expressed by Them.

Buffalo, Aug. 31.—The international arbitration committee reported to the international law conference as follows:

The conference accepts the report adopted by the executive council on July 18, 1899, of the special committee appointed at the London conference of 1893, which has, in accordance with the direction of the Brussels conference in 1895, presented a scheme for the formation of a court of international arbitration. The conference cordially thanks the committee for the care with which it has completed the work and directs that the scheme be printed in the proceedings of the conference and commends it to public notice as the association's contribution to the further elucidation of the question.

1. This conference expresses its deep gratification at the adoption by The Hague peace conference of a scheme of international arbitration which carries out the main objects of the association as expressed in the resolutions from the time of its opening conference at Brussels in 1873. The conference recognizes as especially valuable the following leading features of the scheme, viz.:

1. The nomination of a body of men of recognized competence in questions of international law and enjoying public esteem, who will be ready to act as arbitrators.

2. The selection by the parties to any international dispute from among the members of the above named body of arbitrators and an umpire to form an arbitration tribunal.

3. The creation of a permanent administrative council, composed of the diplomatic representatives at the court of The Hague, with the Netherlands minister of foreign affairs as its president.

4. The establishment under the direction of the above named council of permanent bureau, whose services will be at the disposal of all arbitral tribunals.

The conference, therefore, urges the their influence in their respective countries: (a) to procure the early ratification of The Hague convention relative to the settlement of international differences; (b) to promote treaties between two or more states agreeing to submit their differences to arbitration under the provisions of the convention.

5. The conference decides that a special committee be appointed to examine in detail the provisions of The Hague convention and to prepare a report thereon for the next conference.

Officers of the international law conference were elected as follows: Sir Richard E. Webster, attorney general for England, president; Senator C. A. Manderson of Nebraska, honorary president; Sir William Rankin Kennedy, president of the Eighteenth conference; W. C. Endicott, judge of the supreme court of Massachusetts; Bancroft Davis and Carl Schurz, vice presidents for the United States; Right Hon. Sir John Lubbock, London, treasurer; Joseph G. Alexander and George C. Phillmore, both of London, secretaries. Hon. Sir William Kennedy delivered his inaugural address. He spoke of the necessity for an adjustment of international maritime insurance, the question of foreign judgments and the question of immunity of private property in time of war.

San Francisco, Aug. 31.—At 9 a. m. the 1,388 officers and men of the Idaho, First North Dakota, and First Wyoming regiment of volunteer infantry and a battalion of the Wyoming light artillery, who arrived from Manilla, disembarked from the transport Grant at the Folsom street wharf and marched to the presidio, where they will remain in camp until mustered out of the service. The reception accorded the returning volunteers was hearty and noisy.

Rate War Avoided.

Chicago, Aug. 31.—The threatened rate war between western railroads will not take place, officials of the various roads reaching an agreement here to cancel all notices relating to the payment of excessive commissions and binding themselves to adhere strictly to the authorized basis of commissions. The Milwaukee and St. Paul, whose "red" circular called forth retaliatory action on the part of the Burlington is a party to the agreement.

TEACHERS' TALKS.

Thursday's Proceedings of the Mason County Institute.

Interesting Discussions of Several Topics. Resolutions Adopted in Memory of Miss Miley Howe.

The Mason County Teachers Institute opened Thursday morning with singing, "Savior, More Than Life to Me," and "We're Marching to Zion." Dr. J. C. Molloy, of the Central Presbyterian Church, conducted the religious services. The morning's work was begun by Prof. Willis continuing his illustrated talk on "Psychology."

After recess the subject of "History" was taken up. "The Teacher's Part of the Work" was discussed by Mrs. Clara K. Allen. She was followed by Mr. Hayes Thomas on the subject of "Class Discussions."

Mr. Kay discussed the subject of "History's Relation to Other Studies." "The Relation of Politics to History" was discussed by Mr. W. H. Hicks, Mr. Hayes Thomas and Mr. W. R. Chandler. Mr. Gaither followed with an interesting talk.

Mr. H. Gabby gave an able talk on "Current History" and made a strong plea for the teaching of current events in our schools. Mr. G. H. Turnipseed gave an excellent plan for teaching of "current events," a plan which he practices; he has his pupils in advanced work take periodicals by which means teacher and pupil may learn together. Mr. Grimes, Miss Goddard, Mr. Wilson, Mr. W. T. Pollitt and Mr. Dickey each treating a different branch of the subject closed the discussion.

The afternoon session opened with singing, "He Leadeth Me," and then the subject of "School Management" was again taken up, Miss Murphy, Miss Herbert, Messrs. Sousley, Durham and Wells participating in the discussion. The subject was closed with a talk by Instructor Willis.

At the close of the discussion on "Management," Dr. A. N. Ellis was introduced and entertained the teachers for about an hour with an ably illustrated lecture on "The Effects of Study Upon the Eyes During School Life." He closed his lecture with a few rules governing manners of study, position, directions from which light should come, etc., which none could hear without recognizing their usefulness and importance.

After recess the subject of "Physiology" was taken up and illustrated by the Instructor. Under this subject the following topics were discussed, viz: Basic Laws of Health, Hygienic Position, Ventilation, Light, Calisthenics, Play and Exercise, Stimulants and Narcotics, Longevity, Accidents and Emergencies.

Under "The Laws of Health," the Instructor discussed the following topics, viz: Good Parentage, Temperate Habits, Abundant Sleep, Suitable Food, Proper Exercise, Pure Air, Study of Excretions, Well Directed Effort, Suitable Clothing, Cheerfulness, A Resolute Will, A Well Regulated Mind." The following was adopted:

We the teachers of Mason have heard with deep regret of the death of Miss Miley Howe, our friend and co-worker. She was ever bright and happy; cheerfulness followed wherever she went. A true friend always, ever ready to help the distressed with bright smiles, encouraging words and even with the hard earned fruits of her labor. In the district where she taught she leaves many devoted and loyal pupils and patrons, who feel that they indeed have lost an excellent teacher, a noble woman and a faithful friend.

Resolved, That as we bow in humble submission to the will of Him who doeth all things well we realize that our loss is her gain, and that she is now with the Great Teacher in the realms of light, she is in the perfect enjoyment of that fullest, highest and richest life found only beyond the shadowy river.

Resolved, That these resolutions be recorded on the minutes of the Institute, copies sent to the Public Ledger and DAILY BULLETIN and a copy sent to the family of the deceased.

AUGUST WEATHER.

Nearly Six Inches of Rain at This Point During the Month—Highest Temperature 102°.

The total rainfall at this point during August amounted to nearly six inches, the exact figures being 5.83. Practically all of this rain, however, fell on three days,—on the 4th and 5th 3.22 inches and on the 11th 2.50 inches. There has been only a light sprinkle since the 11th of last month, and this dry spell is beginning to tell on the late corn and tobacco.

The highest temperature during August was 102° on the 2nd. The two succeeding days were also scorers, the thermometer showing 101° and 100° respectively on these days. On the night of the 7th the mercury was down to 54°, the lowest point during the month. The mean temperature for the month was 77.2°.

There were twenty-four clear days, five partly cloudy and two cloudy.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

BEAUTIFUL PETOSKEY.

The Bulletin's Germantown Representative Tells of His Journey To This Pleasant and Prosperous Health Resort.

PETOSKEY, MICH., Aug. 26th, '09. In company with Little Tom Rees I left Maysville for this Northern resort. I had the pleasure of Dr. Reed's company as far as Dover, and was highly entertained with his dissertation on the virtues of Liquid Air and Tam-Ash and his explanation as to how he came to prescribe a simple wash for a developing case of smallpox. Strange smallpox we have down there, that doesn't make them sick, doesn't spread, and white people don't have at all.

Reaching Cincinnati, washing the dust from faces and eating our lunch, we were soon flying through the Kentucky hills to Fort Thomas, now made historic by the record of the gallant Sixth and the monument erected to their memory. It is a romantic place and might be a lovely resort, but to the shame of our Government, wherever our soldiers congregate there are the vicious dens of vice and dissipation, where bad men and worse women entice the soldier to spend his hard-earned money. We saw the Thirty-first Regiment going through their drills, preparatory to starting for the Philippines, and it was a sight worth seeing. They were fine specimens of well-developed manhood, and as in martial array they marched and counter-marched and handled their Krag-Joergenson rifles, we wondered how many of them would ever return to their native land. Col. Pettit is a fine specimen of a commanding officer. He was on horseback and his voice of command could be heard distinctly over the fields. Little Tom and I examined minutely one of those terrible instruments of death and concluded that we never wanted to shoot or be shot at with one of them.

We reached Petoskey safely the following morning. Tom had a place provided for him, but the writer wandered over the city for near half a day before finding a place to rest his weary bones. Nearly every house in the city is opened to "roomers," two large hotels have been added since last year, and still they are crowded,—people sleeping in cars, opera house, &c. There is to be another large hotel erected next year by a Louisville man. The place is improving in every way. I am well situated, have no hay fever, a better appetite and digestion than I have had for months; have spent one day fishing, caught some of the finny tribe and got my face badly sunburned. To-morrow, in obedience to a life-time training, I will go to church and Sunday school. Have met many friends from old Kentucky and elsewhere.

This is already too long, but will have to find a stopping place. Little Tom left his pocket-book under his pillow in the sleeper, but I hope his father will not have to go into bankruptcy on account thereof. He is well and happy, and a general favorite. Tell Dr. Reed to hurry up that Tam-Ash he promised me, to try on some of these old asthmatics. C. S. S.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. "Favorite Prescription" dries the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of this marvelous medicine.

PITHY POLITICAL POINTS.

General Simon Bolivar Buckner will not likely have such a following of Confederates in his political somersault as he had when he surrendered Fort Donelson.

If the Confederates won't take office at the hands of the bolters, it may well be judged that they won't take much of the common stock in the enterprise.

We are glad to note that Rev. Dr. Guerrant has seen proper to leave the treacherous company in which his name appeared and wash his hands of the whole rotten business. Dr. Guerrant was a gallant Confederate soldier.

NEGROES SURRENDERING.

Soldiers Patrol the Streets Around Courthouse at Darien.

Darien, Ga., Aug. 31.—The negro rioters concerned in the Delagel affair are surrendering daily in small squads. The military posses are still searching the swamps for them and have come across several small parties who were trying to evade the law.

Among those captured is John Smalls, a notorious negro, who went through the country last Friday telling all the white women they had better commence praying as all women and children would be killed. Judge Seabrook convened court at 10 a. m.

The scenes around the courthouse were unusual in the extreme. Soldiers, fully armed, patrolled the streets for blocks around and every man that passed was halted and made to state his business. The negro element was conspicuous by its absence, only a few leaders of the recent irregular movement being present.

On the High Seas.

San Francisco, Aug. 31.—There are now quite a number of transports in port which will be dispatched as rapidly as possible to the Philippines with troops and horses. The hospital ship Relief will sail on September 15 with surgeons and hospital nurses. There are now on the way to Manila transport Tacoma with horses, which sailed from here July 27, the steamer Morgan City sailed August 8, Senator sailed August 15, City of Sidney sailed August 18, Siam sailed with horses August 19, City of Puebla sailed August 20 and St. Paul, which sailed from Seattle on August 19, with members of the Fourth cavalry and horses.

Demands For Small Coins.

Washington, Aug. 31.—"Dimes, quarters and half-dollars are being turned out by all the mints as rapidly as they can be produced," said an officer of the treasury. "The demand for fractional currency is unprecedented. As fast as the coin can be minted it is shipped to those who have called for it. Usually the demand for this currency does not begin until the autumn, but orders have been coming in for more than four weeks. It is estimated that the orders received at the treasury department will average over \$60,000 in fractional currency a day."

Presented Englund's Claim.

Paris, Aug. 31.—At the session of the Anglo-Venezuelan boundary arbitration commission Sir Robert Thresie Reid continued his argument in behalf of the case of Great Britain. He contended that even were it true that the Dutch abandoned Amakurufert in 1648, there was ample evidence to show they held without a dispute the Orinoco almost to its source and the whole of the Essequibo.

Entertained Baron Sternberg.

Washington, Aug. 31.—Secretary Hay entertained at breakfast Baron Sternberg, the German representative on the Samoan commission. The baron is about to sail for Berlin to confer with the authorities respecting Samoan matters. Mr. Von Mumm, the German minister, was with Secretary Hay for some time.

The Weather.

For Ohio—Partly cloudy; showers near the lakes; fresh southerly winds becoming variable.
